*You are our special blessing from God in Heaven. You have grown to such a beautiful young lady and we are so proud of you as you continue your education. You have been there for me through all of my trials and illnesses, and have grown into a mature and wonderful person. We will be here for you always. Stay faithful to your belief in God and follow His edicts always. We will be with you always. We love you dearly.*

*I keep reminding you of something that has always helped me when things are tough..."Go placidly amidst the noise and haste and remember what peace there may be in silence." Follow this whenever you can. You have been the guiding force in our lives, and will continue to be there for as long as we live. Your special kindness places you in a position to find those things that fulfill your life and happiness will pour itself upon you. As always, when things are going wrong, seek God. He will always find you and hold your hand until the trouble seems far away. We love you.*
