Being Business Manager of the 2003-2004 Challenger has been a big challenge in my life. One of the most important things I've learned this year is responsibility. With this job came many responsibilities such as: meeting deadlines, cropping pictures and handling a lot of money. All of these things couldn't have been done without the entire Challenger staff. Even though there were only eight of us we had a great time and met all of our deadlines. First I would like to thank "Miss" Karen for putting up with me and answering all of my questions. Thank you for giving me this important position. You are truly an amazing person, and I am going to miss you so much . Kimberly, I don't know what I would have done if this job wasn't split between two people. Thanks for helping me and always being there when I needed you. Kelli, thank you so much for always looking over my pages to make sure they were good and telling me the truth when they weren't. Kara, Kelli and Elliot thanks for cropping pictures for me and making sure your ads were always turned in on time. Kim and Catherine, out photographers, thanks for always being there to help me when I needed it. Without you two taking the business ad pictures the yearbook couldn't have been completed. To the graduating class of 2004, we finally did it! I'll miss all of you; good luck in the future and remember we are "As Good As It Gets."

> Sincerely, Rebecca Anne Murray
