

Brent,
**From the first moment you entered into
 my life- you had my heart.**

**I have always wondered how anyone could
 love a child as much as I love you. I guess
 that is why you are my one and only.**

**I will miss you not being with me at school
 everyday. Those years went by so fast. I will
 miss you wandering into my classroom to get
 a paper signed or to ask for money. The
 hallways will be a little quieter.**

**Remember your future is your ball game.
 Always give it 100%. Win, lose, or tie, we will
 always be here for you.**

**Your Dad and I have been with you through all
 the cheers and tears and we will always be
 here for you.**

You have made our life complete.

**Forever in our heart.
 We love you,
 Mom and Dad**
