Where He's Been...

Once again, it is time to select the person to whom the Challenger will be dedicated. Though the end of 2004 and the beginning of 2005 has brought several prospects to mind, there is one young man that has shown unparalleled dedication to Dorchester Academy. Throughout the past years, he has attended almost all football, basketball, and baseball games. In recent years, softball has even acquired his interest. His sense of humor and kind heart has lifted all those

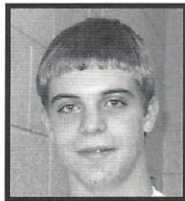

around him, even through the worst of times. With his favorite quotes, "We're coming back" and "TD," in combination with the smile on his face, it's hard not to enjoy his presence. He is an inspiration to us at Dorchester Academy for his optimism through all circumstances.

With no second thoughts and a unanimous vote, the Challenger Staff would like to dedicate the 2004-2005 Challenger to Josh Gruber. Thank you for everything!
