

Congratulations Curtis!

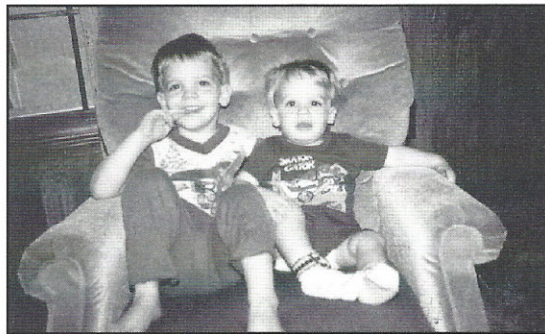

Curtis,
We can hardly believe it is time for you to graduate! Time has gone so fast. You were our special baby boy and now you are our special young man. Everyone thinks you are special because you are so kind and always have a smile on your face. You truly have a great outlook on life and we are so proud of you. Please remember you can always count on us and we love you so very much.

Mom & Dad

Curtis,
You are a great big brother! Even though you are a lot older than me, you still take me everywhere with you. You are the best. I will miss you next year.

I love you,
Coby

Curtis,
Even though we fight a lot, I am glad you are my big brother. Thanks for all the rides. I will miss you next year. I love you.
