

Noel,

The day we found out we were expecting had to be one of the happiest days of our lives! I cried all the way home from the doctor's office! God has blessed us so much with you! Everyday is a treasure of memories for us. There have been lots of laughs because we all know how much you love to laugh and have a good time! It's hard to believe you are graduating; it seems like only yesterday we heard your heartbeat for the first time, and now you have grown into this beautiful young lady!

Noel, remember that the most important relationship in your life should always be with God. Let God guide you through and you will be able to handle the bumps and hurdles that you come in contact with each day. Always remember that we will always be here for you and how proud you have made us!

*Love You Always,
Dad & Mom*
