

David

David,

We have watched you live the American dream before our eyes. To see you grow from a baby who loved "Bert and Ernie," to a little boy who treasured the "Ninja Turtles," to a young man who loved the competition of Baseball and other sports, to a diligent student who strived to do his very best. We are very blessed to have enjoyed those days with you!

We watched you set goals, take chances, and make conscious choices to do the right things to prepare for the future and to get to the next level. Your will, determination, and dedication to excel at the many things you love are unsurpassed! Commitment beyond this special junction in life will only carry you beyond your imagination!

We are all very proud of that little boy who has grown into a young man with a bright future. Above all, remember to put God first, family second, and yourself third and the rest will always take care of itself. We love you so much and forever!

Love,
Mom and Dad
