

**Jessica Dantzler**

As Assisant Editor of the 2005 yearbook, I have been introduced to several new and interesting ideas. I have learned just how valuable hard work and responsibility are. I am proud to say that I have participated in making this year's annual the best one yet. I will take all that I have learned with me and always remember this experience as one of the best experiences of my life. No matter where life takes me, I will always remember "Where I Come From."

It was lots of fun! Even though Deborah stayed on my back and I asked Mrs. Karen stupid questions, it was still lots of fun.

year. Creating this yearbook has been both fun and challenging, and I am positive that our yearbook will reap the benefits of our efforts. I know that this experience is one that I will treasure forever.

I have watched in awe as these 9 young ladies started with an idea last April and worked untiringly to make it a reality-writing copy, taking or scanning photos, drawing layouts and selling ads. To them I say "Thank you! And don't ever forget **where you come**

**from"**! **"Miss" Karen Schwendinger**

**Thanks!** We, the 2004-2005 Challenger Staff, would like to express our appreciation to a few people who truly deserve recognition for their participation in helping us create this year's annual. This yearbook would not have been a success without the photography from Mr. Charlie Tumbleston and Mrs. Julie McAlhany. A special thanks to our Herff Jones Representative, Steve Karelitz, for introducing our school to a new, advanced yearbook program with endless options. We would also like to thank the Dorchester Academy family for putting up with the yearbook staff and the constant surveys we conducted throughout the year. This yearbook is for "y'all."

# Challenger Staff

This year I had the privilege of being one of the business managers for the 2005 Challenger. This experience has helped me to grow as a person in several ways. I learned how to take better pictures and the importance of teamwork. I have also come to respect all the people who hepled make a yearbook that we can be proud of. We wanted to make sure that we got every person in the yearbook at least twice, and we did it! This experience has made me very proud of "Where I Come From," and I will always remember the times we shared.
