

Every year the Challenger Staff votes and decides on a deserving candidate to receive the honor of Dedication. This yearbook is dedicated to one special person who has made Dorchester Academy feel like home to all of us. The greatest advantage about attending a small school is having the feeling of always being at home and having wonderful people to support us. One such person has helped in many ways. Over the past years, she has served as a student, a parent, booster club president, and active alumni. She has worked hard at making our school a better place. This special person is Mrs. Jean Clayton (a.k.a. Momma Jean). We would like to thank Mrs. Jean Clayton for her loyal dedication to our school and most of all making us feel at home. It would not be home without you.
