*I've enjoyed watching you grow and mature into the beautiful young lady you have become. Your ever present smile and bright shining eyes bring joy into my day. As you move into a new phase of your life, remember that you will always have a place in my heart and in my home. As you go, hold tight to the memories of yesterday, live today like it's your last, make your dreams for tomorrow reality. I love ya, Jane*

*Holly,  
I'm glad we've had each other's  
friendship through  
the years. True friends are  
hard to find. Always remember our  
good times. Love ya, Jason*
