

*Brittany,*

*Where do we start? It only seems like yesterday that you were our little baby girl, how you've grown up to be such a loving, caring and beautiful young woman. Since the beginning we have watched as you have grown up and all that you have done has made us very proud as you have become your own person. As you continue on this journey that we call life, remember who you are and what you have learned. Always keep that smile on your face and the laugh in your voice, it's just you sweetheart. As you go forward from here believe in yourself, be confident and honest in what you do and stay true to yourself. This was just the beginning there is so much more life to be experienced and enjoyed so take it all in and don't miss a thing. Remember no matter where you go or what you do we love you and will always be there to support you wherever life may take you.*

*We LOVE you Brittany (B.K.)*
