Kayla,

I've always thought of you as my "little" sister. You mean so much to me, and I am so proud of who you have become today. Although you're only a year younger than me, seeing you walk across that stage as you receive your diploma will make me feel **old**. It seems like just yesterday that we were making mud pies at MeMe's or playing house with our baby dolls.

Although I know you don't need it, I wish you good luck, and always remember that I will be right here if you ever need me.

Love You Always,
Jessica
