The Juniors felt that the 1969 Junior-Senior, their gift to the graduating class, was a great success. The dance was held at Southland Restaurant on Friday, April 25. The Repossessions entertained the enthralled Seniors and their guests with loud music and a Psychedelic Light Show.

John C. Horse Show

Becky displays her awards

Science Fair

Our Science Fair was held on March 5 and 6, 1969. All students in grades six through twelve were required to hand in a project.

Winners in the Junior Division were: First: a tie between Alice Rogers, a project on insects; and Karen Price, the anatomy of the ear; Second: Mike Mitchell, fish anatomy; Third: Susan McClellan, phases of the moon.

Senior Division winners were: First: Fred Kemmerlin, display of chick embryology; Second: Edward and Karen Rogers, a project describing latent learning in mice; Third: Sarah Fick, study of blood type heredity; Fourth: a tie between Kay Murdaugh, model of DNA molecule and Martha Dodd, anatomy of a frog.

Fred, Edward, Alice, Karen Rogers, and Karen Price took their projects to Charleston for the Regional Science Fair. Fred won second place in the Biology division, the Air Force Award, and the Army Award.

Never Give in!

Seniors

CLASS OFFICERS: President, Edward Rogers; Vice-President, Fred Kemmerlin; Secretary, Archie Spell; Treasurer, Michael Smoak.

Senior Class History

Some of our Seniors came to John C. the first year the high school was begun. During this year they went through the difficulties of going to a newly established school.

The next year as Juniors, they faced the impossible task of putting on a Junior Senior with only five in the class. Our Juniors proved, that with effort and work, nothing is impossible. This will always be a "Wild Thing" in the life of John C.

This year the Big Five is setting an example for years to come. As the Seniors leave, the Academy will change but the Big Five will always be remembered.

Should you be an **ENGINEER?**

Every year more and more young men and women graduate from South Carolina high schools. It is an event which poses this important question: What is the next step after graduation? If you are searching for the right career, and have an inquiring mind, an interest in math and want a satisfying life, a rewarding career in engineering can be yours. The time to start is now! Talk to your parents and school counselor today.
