

## TALON STAFF

Putting out an annual is a year-around job, and is a lot of hard, tedious work. But it is a lot of fun also. Cropping pictures, laying out pages, writing copy, meeting deadlines -- all this becomes a way of life for the harassed staff. This year we added our own darkroom and this has contributed greatly to the efficiency of production. Each yearbook staff tries to create an annual that is a true reflection of the school year. The 1976 TALON hopes this edition does just that.
