

The **National Honor Society** is an organization which consists of students who have a grade point average of 90 and above. Advised by Mrs. Linder, members of the NHS are frequently called upon as community leaders. During the spring of '79, several of the Honor Society members from J.C.C.A. volunteered their time to aid in an American Cancer Society collection at the Rice Festival.

Every year, when the new members are selected, they officially join the society with a candle lighting ceremony and a pledge to uphold the NHS standards of scholarship, service, leadership, and character.
