

May 9, 1980 p.m., the Juniors and Seniors set sail for an unforgettable voyage. The gym was "decked out" in shipshape condition on the theme "Sail On." All the decorations from the sailboat centerpiece to the pine-cone palm trees were invented and created by the Junior class crew. There was plenty of hearty food and ale thanks to the help of the First Mates. The band in port was Eastern Seaboard. After the dance everyone who was still sailing smooth went to Edisto Beach to dock their boats. Fortunately, any major shipwrecks were avoided. The dance turned out to be a stunning success. The class of '81, along with Captain Peggy Smoak did one "fantastic" job.
