

Being a Junior Varsity cheerleader at John C. means putting 100% effort into doing something that's both a learning experience and a lot of fun. Going to a special camp at Furman University during the summer was a special effort the girls made to be the best group they could be. A J-V cheerleader at our school knows that her team is Number 1 no matter what the score, and she shows it! Spirit, pride, and group effort are all words which describe our girls well.
