## Gone With The Wins

The Junior Varsity Football Team had a very successful year. Thanks to the coaching of "Doc" Lewis and Jim Harmon, they were defeated only by Thomas Heyward and Porter Gaud.

This year's team was young but full of energy, pride, and determination. The urge to win often brought them the victory they wanted.

Several players were eligible to move up to varsity when their regular season ended. Coach Lewis praised eighth-grader Heath Jones for his strong defensive play and sophomore Scott Pellum for

being the leading scorer on the J.V. team. David Strickland stepped in at Q.B. when Heath Jones was injured and led the team to victories against Lord Berkley and Dorchester. Other injuries during the season were Scott Craven, Cam Werntz, and Kevin Beach. The seven Freshmen added a great deal of leadership and strength throughout the season to bring them to a record of 5 and 3. The coaches hope to have as good a team next year.
