

Exciting New Challenges

This was **Libba Griffin's** first year at John C. Her fourth grade class consisted of only nineteen students and was the only section of fourth grade. She graduated from Columbia College with a BA in social studies.

This was **Helen Griffith's** first year at John C. She taught eleventh grade chemistry and lab, tenth grade biology, and eighth grade earth science. She received her degree in biology from Winthrop College.

This year John C. formed a chorus. It consisted of kindergarten through eighth grade and the high school students that wanted to participate. The lower school sang many songs. "Randolph the Six Gun Cowboy" was one of the more popular tunes. The middle school chorus sang "Silent Night" and "Pork-n-Beans" among others. The high school chorus sang "Fame", "Good Christian Men Rejoice", and "That's What Friends Are For".

The chorus gave a Christmas Program and the high school section rode on a float in the Christmas parade.

Another new addition is the excitement Mrs. Sharon Folk brought to the French and Spanish classes. Every Friday was "Play Day". On "Play Day", the students took part in activities that increased their knowledge of culture. The Spanish classes made flags and pinatas and ate tacos. The French class made road signs, played French board games, and played French hangman on the computers. The French and Spanish class had parties on holidays.

In Spanish class, Bert Reeves is carrying on a conversation in Spanish. This helps him to improve his speaking skills.

Jim Harmon has been at John C. for two years. He was head of maintenance and was in charge of the canteen. He also helped coach J.V. football and baseball and occasionally took over a study hall. Carmella, his wife, volunteered her time by working in the canteen.
