Study! Study!

The third grade curriculum was packed full with math, reading, language, science, South Carolina history and much more. The third grade studied rocks, volcanoes, dinosaurs, and planets in science.

They also learned how to plot hurricanes by latitude and longitude.

The third grade went on a trip to the State House and to the new State Museum in Columbia.

Mrs. Black and the class take time out of a busy day to pose for the yearbook photographer.

THIRD
