

Togetherhness

A Mound Of Optimism

The 1988-89 War Hawk baseball team was coached by George Brittle. It was a season of rebuilding as far as experience went. The players practiced long and hot hours every afternoon improving on catching, running, and batting. By the end of the season, all the players knew that it didn't matter if the team won or lost, but how they played the game. They developed a sense of togetherness by their struggles and it transformed into a strong united team.
