“Patriot” Staff

"If it's good enough when it's started it's bound to be continued throughout the years," was the cause of bringing about the second volume of THE PATRIOT. This year, as last, the staff was new, including our advisor, Mrs. C. R. Hiott. Yet, through all our ignorance and mistakes, we tried hard to bring forth something for everyone, faculty as well as student body. Having realized THE PATRIOT is a paper for ALL READERS, the staff hopes it has made 1971-1972 a year where all students know what's happening at Ruffin High School.
