

Teacher cadet Faith Lingard says, "Although this is strenuous, it is quite challenging. This makes it different from all the other classes."

Christopher Salley explains that AP Biology is on a "whole new level." Because the work is on college level, the information is more in depth.

Gerald Jenkins works hard in journalism to stay on task. He wants to make sure that the yearbook turns out to be a success.

Mr. Richardson works hard to teach Sinclair Brown new information provided on computers.
