

THE WONDERLAND CIRCUS

On Monday, February 10, 2003 the circus came to our school and it was a day that will be remembered, believe me. Everyone had a great time eating popcorn, cotton candy and drinking soda. The announcer came out with a clown that interrupted him by playing all sorts of instruments that kept getting smaller. A girl and a boy came out riding on a unicycle while doing cool tricks. Later the same girl came out and hula-hooped with about 29 hula-hoops. A lot of people liked the dog tricks. Dogs would walk on their hind legs wearing various dresses. It was really cute and everyone would say "ahhh"! The circus was really cool especially, the woman that was holding on to two very long sheets and flipping everywhere in the air. She was extremely brave to do that! All in all it was fun and everyone had a fabulous time.
