## Baseball

Coach: Mr. McArtor

Although last year's baseball team had a so-called poor season, the future looks bright, since most of the players returned and will have the experience gained by a season of play. Out of the season's won and lost column the steers of Southwest had a better non-league record than a league record, winning two out of the three non-league games and only winning three out of ten league games. Five of the teams thirteen active players had a .300 or better batting average. They were Carlo Lamarca .300, Terry Baum .305, Marvin Kraft also .305, Bill Gephart .312 and, holding the top spot, Dave Nicholson with a very respectable .352. The hurlers for Southwest were Joe Brock, Dave Nicholson, and Bud Doss. Joe and Dave both won two and lost four; Bud Doss completed the season with one win and no losses. With the returning members of the team, we're hoping for a championship season. After all one can always hope.
