The Pan-American Club, a long time favorite at Southwest, held its first meeting soon after the doors of Southwest opened. Since then, it has continued to prosper throughout the twenty years of progress.

The club offers its membership not only to Spanish students but to those students who are interested in Pan-American affairs. The Senores and Senioritas of this club participate in many Spanish festivities. This year, those students who knew something about the language further developed their knowledge through the songs, games, imaginary trips through Latin America, speakers from Spanish countries, and movies. Nor must we forget to mention the picnic, held at Mrs. Whitehouse's home, and a Christmas party.

The group meets every Thursday. It is under the sponsorship of Miss McNamara and Mrs. Whitehouse, who both give their time and effort to make the club the success it is today.
