Sponsors: Miss Steffen, Miss Woody

The Forum continued to be the name of the club until 1941 when it was changed to *Hora Latina*. Miss Steffen and Miss Woody were the sponsors, and they have continued to be the sponsors through the years to the present time. Through succeeding years the organization was called the Latin Club, the officers being *Consul Major*, *Consul Minor*, *Scriptor*. The various activities during these years included the reading of a Latin newspaper, *Res Gestae*, games and contests, plays, field trips, and talks given by outsiders and by the sponsors.

In 1955 the club was reorganized as a cultural hour. The *Hora Latina*, the name taken from that

of 1941, is a period devoted to lectures given by the sponsors on the private life of the Romans, their religion, their great heroes, and the contributions made by the Latin language to the English. The membership is open to all students of Latin. The lectures are well attended by students eager to become better acquainted with the civilization of a great people.

In reviewing the history of the club, the sponsors feel that through the years much has been achieved in preserving the interest in this ancient civilization.

Tempus fugit; opera manent.
