“School days, school days, dear old golden rule days!” From the hickory stick to modern day methods, teachers have striven for the better education of pupils. In keeping with this traditional idea, Southwest has organized a club known as the *Future Teachers of America*. As we all know, teaching insures the development of our civilization. This is a most important task, for our nation must keep moving forward.

The *F.T.A.* club strives to encourage young people to enter the teaching field and to acquaint them with this profession.

Row One: S. Naylor, V. Scharer.
 Row Two: R. Udell, N. Compton, B. Holtmann, D. Fridley.
 Row Three: T. Besch, T. Dreher, R. Ebinger, R. Faber, V. Rudolph, J. Hoffman, Miss Westphaelinger.

At Southwest the languages of the world are well represented, not only through classes but also through clubs which meet after the school hours. The first German club, sponsored by Miss Lenzen, started as the *FFF Club* or the *Peace, Joy, and Friendship Club*. The club, however, has not had a continuous existence. It originated in 1945, was dropped in 1946, and returned again in 1948, 1955, and 1956.

Among the various activities which provided interesting meetings during the year were singing German songs, playing games, and viewing pictures.
