Photography Club

Sponsor: Miss Funk

“Watch the birdie!”

This familiar phrase does not pertain to a bird club; it is one heard frequently at the regular meetings of the Photography Club. These skilled camera enthusiasts, who hold their meetings in room 315 every other Tuesday after school, invite your participation in their fascinating club. All that is necessary is a sincere interest in the camera and in the art of picture taking.

The group's activities were numerous this year. Among them was a trip to *Color Ad*, where they saw our own ROUNDUPS being engraved. Some of the members, too, attended a tour of the *Vincent Price Photographic Studio*. Also, they “flashed” diligently at the Hello Day aud. So you can see that the Photography Club, which has been active since 1952, ranks high among our worthwhile clubs.
