The Roundup

The first Roundup was published in 1938 and was a small paper backed book, known as a "souvenir edition." Mr. Samuel Rosenkranz was the first sponsor. Mr. Rosenkranz continued in this capacity until 1942. At this time he joined the armed forces. The sponsorship was then taken over by Miss McIntire, who has had it ever since.

Our book has won many awards. Of the sixteen yearbooks that have been sent for evaluation, five have received first place awards, three from the *Columbia Scholastic Press Association* and two from the *Missouri National Press Association*. The Roundup has also received ten second place awards and one third place award. We hope this enumeration doesn't sound boastful, but we are very proud of this record and hope our book this year will be as good as those which have gone before.
