Having participated in many performances, the orchestra is a source of school entertainment. To begin the school year, it played for the Hello Day Program. Also it provided music for Southwest's traditional events such as the Operetta, Spring Festival, Miss Southwest Dance, Class Day aud, and Graduation. Performances, new to the orchestra this year, were the Band Benefit program and the Opera aud.

The orchestra's social life cannot be overlooked. In November the orchestra and band together had a swimming party at the Y. These same two organizations later had a Christmas Party at school. Indeed, the orchestra has won its way into the hearts of all true Southwesterners.
