Stamps and Bonds

Sponsor: Mr. Forti

"A Penny Saved is a Penny Gained"

Uncle Sam's salesmen are pictured above. They remind us that it's "Stamp Day Today." It's "Stamp Day Tomorrow." Indeed, we are impressed with the fact that every day should be thrift day at our school. We know that our Uncle Sam is the best banker we could possibly have, and also that we'll need money for that college education we're looking forward to. We will

need it, too, for that business opportunity, or to buy that future dream home.

At the time the Roundup went to press these salesmen had sold \$3,787.90 worth of stamps. Mr. Forti believes this figure will top \$4,300.00 by June. Come on, Southwesterners, we've had this service at Southwest since 1942. Let's keep up the good record started then and open a savings account right away.
