

## Officials Club

Officiating every Tuesday at G.A.A. games are one or more members of the Officials Club. They are the time keepers, scorers, referees, umpires, and linesmen for the various G.A.A. sports throughout the year. To insure the success of any tournament, competent officials, capable of making accurate decisions with alacrity, are mandatory. This year twenty-seven girls passed the written rules test necessary to become a qualified official. Being athletic, sports minded, and possessing a keen sense of fair play, they did an excellent job of enforcing regulations. Several of the girls plan to teach physical education, and the knowledge acquired through this club will help them to attain their objective. As the G.A.A. is growing in membership, the officials club anticipates an even busier schedule next year, timing, scoring, and refereeing the games to be played.
