

Tap Club

Tap, tap!—tap, tap! This is the familiar sound every fall when the girls from the Tap Club hold their Thursday evening meetings. Creative dancing to tap music is performed by each member of this club. As part of their activities this year, the girls utilized their talents by working on music for the operetta, "Sweethearts," and the dance groups were a major contributing factor to its success. The club was also used for operetta tryouts. This is one of Southwest's newest groups, and is fast growing in popularity. If you girls wish to tap your toes and slim your figures for the latest fashions, look forward to the fall semester when the Tap Club will again meet and "tap, swing, tap" to the sweetest music at Southwest.

The Tap Club is under the direction of Miss Jean Mueller. Each year, the club serves a manifold purpose for its members. First, of course, the girls enjoy dancing, and enjoy the companionship offered by this genial Southwest group. Second, they develop skill in creative dancing, with the con-

comitant valuable personal traits of poise and grace. Besides these rewards, the club serves the school by training dancers for operettas, festivals, and other school functions.

The Tap Club therefore, is a worthy addition to the roster of Southwest extra-curricular activities.
