A Cappella Choir

Director: Miss Meyer

Here stands our choir . . . with all the dignity possessed. This is perhaps the finest and most "looked-up to" group at Southwest. Besides being such fine citizens, they bring us the solace and exultation of music through their fine entertaining for outside organizations and programs in our own auditorium.

This semester Bill Keller held the office of president and along with Martin Hasek served as student music director in Miss Meyer's absence.

Any member of the Choir is proud to say so because of the great reputation it has obtained and upheld through the years.

Many times Miss Meyer has had to turn down requests for the Choir's appearance because of bookings previously posted on that date. One of the biggest engagements this semester was at the Scottish Rite Cathedral May 8 where the Choir sang four special numbers accompanied by the orchestra for "America the Beautiful," before a crowd of about four thousand.

Late in the spring of 1957 a recording of several numbers by the Choir was taped and sent to California to be made into a long playing record.

Just to give you an idea of their activities, there is a calendar of events on the next page along with some campus shots.
