Boys' Glee

Director: Miss Meyer

What about the male voices at Southwest? The answer to this is Boys' Glee. Miss Meyer is very proud of this group of select boys who take such an interest in music.

Their director is not the only one who is proud of this choral group. Any of these boys will boast of belonging to Boys' Glee. Satisfaction and honor readily come to a member for appearing in school productions such as the semi-annual Hello Day programs and the operetta. This year the boys sang to their "Sweethearts." Other programs include the sacred Christmas program, the Spring Festival, and special aud sessions.

Out of this group of virile vocalists come future members of Choir, the highest realm in the music world at Southwest.

Besides being talented, the Boys' Glee members are gregarious. They join with other music groups for parties and fellowship throughout the year.
