as the eternal city of Rome exists, as long as people speak Italian, French, Spanish, Roumanian and Portuguese, Latin will be of vital interest to modern scholars.

Besides the Romance languages, there is a very real place for Latin in this country. The learned professions, law, science, medicine and theology, require a background of Latin.

The members of Hora Latina enrich their scholastic careers, preserve the golden heritage of the past, and also have an enjoyable hour with their friends every other Thursday.
