

Junior Red Cross Art

The Jr. Red Cross art group is devoted entirely to helping others. Their specialty is cheering shut-ins with colorful decorations and favors. This year, the art group members made St. Patrick's Day favors, Easter decorations, napkins rings and many other symbols to cheer those who have little else to be cheerful about.

We hope that the Jr. Red Cross will always be a part of the school program. The virtues of sharing, cooperation and helpfulness derived from these activities are of inestimable value to the students, the school, and the community.
