

# Students Attend Fair In Record Numbers

The aromas of popcorn, candied apples, hotdogs, and french fries mingled in the air. There were sounds of laughter and terrified

screams from the excited riders. As in years past, the W. H. A. Booster Club sponsored a fair booth selling many delicious foods, drinks, and

desserts. As always it was a place for Wade Hampton students to get together and talk about what they had done at this year's fair.

1. Fright and happiness blend as Mary Cease and Laurie Johnson ride the ferris wheel.

2. Aromas of hamburgers and french fries coax Jane Thompson to the Rebel booth.

3. During fair week Mrs. Dean Livingston volunteers to help in the Rebel Fair Booth.
