

Business Staff Devotes Time To Busy Schedule

Numerous responsibilities gave the annual business staff a busy schedule. During the summer vacation, members contacted many businesses that might be interested in buying ads. Laying out ads and cropping pictures occupied the after school and study hall time of the staff. Members spent the early spring proofing stat sheets and checking print sizes. An added duty was the selling and distribution of the finished annual.

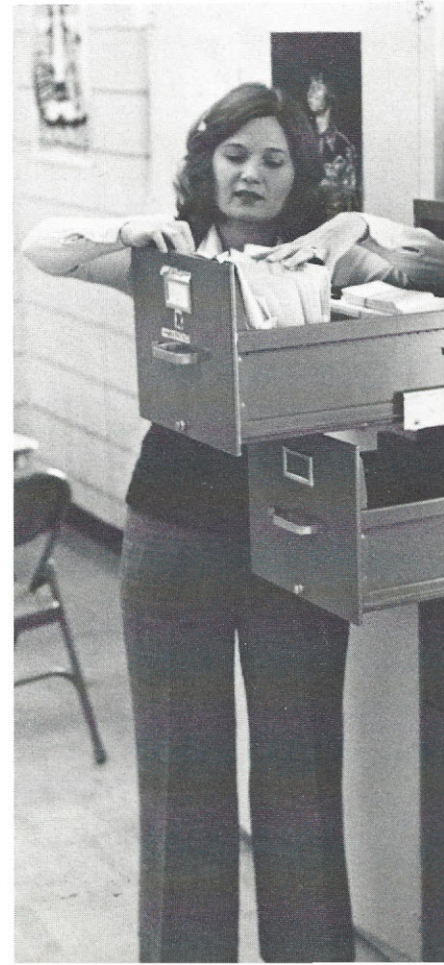

1. Working during study hall, Tina Fogle and Anne Hartzog check school pictures.

2. Staff members Martha Beach and Jeff Keller make posters to boost annual sales.

3. Looking for an ad contract, advisor Ann Dominick searches the files.
