

# The Varsity Football Team Outshines Grim Predictions

The varsity football team finished the season with an outstanding record. Although the team was predicted to win only a few games, the players put it all together and came out successfully.

The only blemishes in the team's

10-1-1 record came in the games against Wilson Hall. The first game ended in a tie after a great comeback by the W.H.A. squad. The second game, the State Championship game, ended in a disheartening defeat for the Rebels.
