

Experience Proves Valuable For Varsity Boys

During basketball season, experience was the key to the success of the varsity boys. The boys were faced with the disadvantage of not having enough time to pre-

pare for the first games. As time went on they developed their skills highly enabling them to produce a fine team. A variety of fundamentals, defensive drills, and scrim-

mages strengthened the varsity boys to overcome many of their opponents. Many hours of hard work and determination characterized the season.
