

Students Strengthen Basic Skills

The basic skills of 4th, 5th, and 6th graders were strengthened by the stressing of reading and English composition. Book reports and trips to the library enhanced their reading ability. Various forms of compositions which tested their grammar usage were required. In social studies students observed foreign countries from projects and new map-skill books. While learning about America, each student used his imagination in compiling a scrap book of a certain state.

1. Studying wildlife, students observe and cuddle a tamed squirrel.

MRS. HARRIETT GAMBLE: Language Arts; History; Math; 5th.

MRS. NANCY LIVINGSTON: Language Arts; Geography; English Department Head, 4-6; 4th.

MRS. ELEANOR O'RAND: Language Arts; Geography; 4th.

MR. XENNIE WEEKS: Language Arts; Geography; History; 5th.
