

12th Grade Has More Privileges

Having envied every senior class for eleven years, the 1977 class finally experienced all the privileges of being seniors. Eating lunch inside, a designated parking area, a class trip, and a senior cut from school were provided for them. At assemblies students were required to stand as the seniors left the gym-

nasium.

Seniors were given the chance to hold important positions in clubs, in student government, and on teams. Such activities as radio programs, the REBEL, the PIERIAN, and the REBEL YELL involved students and added interest to school life.
