

Fair Provides Fun For All

This year the Orangeburg County Fair brought fun to students. Evenings were characterized by shrill screams, cool breezes, and delicious odors of cotton candy and food. Students

found time to alter their daily schedules to visit the fair. Everyone, young and old, liked the amusements at the fair.

The Rebel Booster Club sponsored a concession booth this year

where students and friends met to have fun and to eat. The Booster Club made a large profit from this yearly project at the fair. Volunteers and friends joined in working at the booth.
