

Varsity Cheerleaders Spark Victories

Eager to begin cheering, varsity cheerleaders began preparing in June for the upcoming sports season. To improve their cheerleading skills, the cheerleaders attended camp at Wofford College. For their cheering excellence, they brought home two red ribbons and two blue ribbons. Together the varsity and the junior varsity squads received a spirit

megaphone for their continuous spirit during the camp session.

In the early part of the year, they held a cheerleader camp for the lower school girls to raise money. With the money they earned, the squad was able to buy new sweaters. To prepare themselves for games, pep rallies, and special assemblies, they had practice twice a week.
