

# The Senior Class Provides Outstanding Leadership

The 1978 senior class provided outstanding leadership for their underclassmen. Seniors played important roles in school clubs, student government, and in athletics. Along with their many responsibilities, the students received senior privileges, which they

enjoyed after eleven years of anticipation. Eating lunch inside, exempting first semester exams, entering the buildings before the 8 o'clock bell, and leaving assemblies first were several privileges that the seventy-two-member senior class enjoyed.
