

# Eighth Graders Assume Responsibility As Head Of Junior Student Council

The authority of being the oldest members of the Junior Student Council was stimulating to the eighth graders. Achieving in courses such as Latin, Algebra, and world geography gave eighth grad-

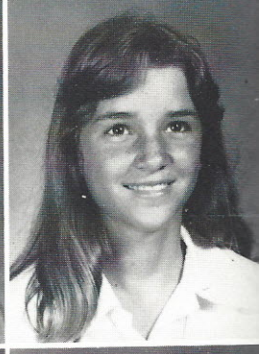

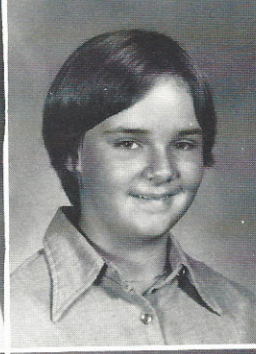

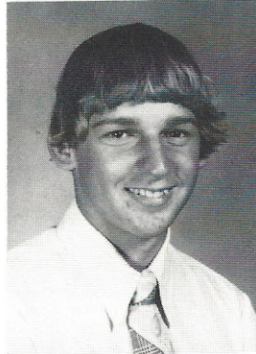

ers goals to reach. Also new general science books provided insight into astronomy and space travels. Playing on Junior Varsity teams and in the Powder Puff football game increased student par-

ticipation in sports. The eighth graders won the Powder Puff game and were treated to a hot dog supper and dance.
