

Graduation Marks End Of Year And New Beginnings For Seniors

The Class of 1979 began its Upper School years as one of the largest classes ever in WHA's history. Although through the years the membership of the class has dwindled to sixty-two members, the spirit and pride of this year's graduating Seniors

far outweighed their size. The Seniors participated in all aspects of school life, and whether they were meeting annual deadlines, calling plays on the football field, or leading a classroom discussion, they exhibited a sense of pride in themselves and all they did.

1. During break John Scroggins and Dean Livingston "tackle" Alex Bryant.
