

"September"

"Do you remember the twenty-first night of September?" Homecoming — just one of many events during the school year's beginning. Setting the rhythm. One that pulsed throughout 1979-80. The beat was hurried, for the people that set it moved at a fast pace. Rushing to classes before the ringing of the tardy bell, to the canteen at lunch, to activities after school. Bringing new experiences to whoever might have felt it, the rhythm continued steadily onward.
